FOREWORD

In 1682 it was found necessary to divide the inhabited parts of the Province of South Carolina into Counties, of which three were laid out, Berkeley, embracing Charleston, and the space around the capital, "extending from Sewee on the north to Stono Creek on the South; beyond this to the North-ward was Craven County; and to the Southward Colleton County, all extending within the land to a distance of thirty-five miles from the Sea-coast." (Rivers History of South Carolina, p. 134.)

Shortly afterwards Carteret county was added to the number. "These counties were subdivided into squares of 12,000 acres each, for the several shares of the proprietors, land-graves, and cassiques." Oldmixon in Carroll's vol. 2. Craven, formerly denominated Clarendon county, embraced in its subsequent extensions a much larger territory than the other counties. From Berkeley on the south, it reached towards the Cape Fear on the north, and with North Carolina for one boundary on the north, and north-west, and the Santee and its branches on the other sides, it extended through a wide belt of country from the sea-coast to the mountains. . . . It took its name from William, Earl of Craven, one of the first lord proprietors, and long retained it. . . . This county embraced the region of the Pedee throughout its course, from the North Carolina line southward.

The first parochial organization in Craven County was under an Act of Assembly of 1706, commonly called the Church Act, passed for the establishment of religious worship according to the Church of England, and for erecting churches. It divided the Province into ten parishes, of which Craven County constituted one, by the name of St. James Santee.—In 1721 the Parish of Prince George, Winyah, was established,—bounded on the S. W. by Santee River, on the N. E. by the Cape Fear River, on the East by the Ocean, and on the West "as far as it shall be inhabited by his Majesty's subjects." "Statutes" vol. 3, p. 171. In 1734, a further division took place; the Parish of Prince Frederick

Representatives) to make Pedee River at or below the plantation Euhaney, belonging to Mr. Percival Pawley, about 18 miles distant from said Bogg's plantation; but we now find that a North course excludes from this Parish sundry families residing on Pedee River, who constantly attend divine service in this Parish, being about twelve miles distant from our Church, and at least twenty-two miles from George-town."

("Council Journal," No. 8, pp. 454–5.)

"We therefore pray your Hon^rss^

to relieve the Inhabitants by ordering the dividing line to be run a straight course, which shall be done on our own proper Charges." . . . . The Petitions were ordered to lie on the table.

"Council Journal" No. 8, p. 455.

These extracts from public documents will show how the two parishes bearing the names of Princes instead of Saints were established; in reading the records it almost seems as though their un-saintly names had influenced their early career; but what must strike this generation with wonder is the great importance they attached to their churchly duties, and the long journeys they made to attend Divine Service, even when ministered to by very earthly humans; their constant provision for the poor of the Parish must excite our admiration, in the midst of much which does not, to say the least. The present church of Prince Frederick is situated near the Great Pee Dee River, (which runs through North Carolina almost to the border of Virginia, under the name of Yadkin, and takes it rise in a spring at Blowing Rock.) There is a little wooden summer chapel in the village of Plantersville, where service is held every Sunday. The parish was named after that Prince of Wales, Frederic, who the father of George III, and son of George II., was himself never King; it was after his daughter the Princess Augusta, that the town of Augusta, Georgia, was named.

The first church building of this parish, as far as we know, was built on a high beautifully situated bluff, overlooking the Black River, about twenty miles south-west of the present building. An expedition to the spot, to take some photographs of it was made late in March. Nothing could have been more beautiful and

peaceful that this God's Acre, lying high above the fast-flowing river, shaded by stately water-oaks, rejoicing in their glistening new foliage, and the white marble monuments, peeping through a tangle of wild azalea, dogwood, and honeysuckle, every open space covered with wild violets, purple and white, while the tiny perfect blossoms of the housetonia delighted the eye and spirit, for they are simply little wild for-get-me-nots. The photos were not very successful, but were the best that could be made in the deep shadows of the sacred spot. There is no fence or enclosure around the graveyard which must cover two acres of space, but there are private brick enclosures with locked gates, and the marble monuments within are well kept and cared for.

It was in this higher region that the first settlers fixed their homes, for indigo grew wild around and that was their first farming industry. Fortunes were made rapidly by its cultivation, and we are told that at one time it brought from four to five dollars a pound. In 1754 the amount of indigo shipped from South Carolina was 216,924 pounds (?). (Ramsay's History S. C., vol. II, p. 138.) Its cultivation ceased about the close of the century or soon after. It was then that the settlers moved away nearer to the coast and began the cultivation of Rice on the lower banks of the Pee Dee River and the church on the high bluff over-looking the short but very deep Black River, was left without a congregation. There is no record for many years, but "In 1827, Monday April 9th at the Universal Church on Pee Dee, (a church built by the neighbours of Pee Dee of all denominations as a place of worship for all denominations) to take into consideration the best means of erecting an Episcopal church, between Dr. William Allston's plantation and Black River Ferry." (Extract from the records of vestry of Prince Frederick Parish from April 1827, to March 29th, 1880.) Apparently the vestry could not agree on a suitable place for the Church, for though the money was raised and a building Committee appointed, nothing was done. The next record is date Jany 28th. 1855. The Rev^{d} Hugh Fraser in the Chair. . . . The following persons were appointed a Building Committee, viz, D. M^{c}Dowell, R. F. Allston, and Francis Weston, with power to contract for and build a church of conven-

ient dimensions on a bit of land given by the Rev[d] Hugh Fraser. . . . The following gentlemen are requested to act as Vestry men—viz,

Capt. John Allston,
D[r] W[m]. Allston,
Francis Weston,
Benj. F. Dunkin,
and Joel R. Poinsett
As Wardens,
R. F. W. Allston,
D. M[c]. Dowell
As delegates to the Convention,
Rev[d]. M. H. Lance,
B. F. Dunkin,
J. R. Poinsett.

The building was completed the ensuing Spring, and Service held in the Chapel.—The land liberally granted by the Rev[d]. Hugh Fraser, together with a space of fifteen feet wide on his North line down to the River with Public Landing, was surveyed by R. F. W. Allston, the grant recorded, and the Chapel consecrated by the Right Rev[d], Nathaniel Bowen, D.D. who also preached.—Rev[d]. Hugh Fraser read the sentence of Consecration, & the Rev[d]. M. H. Lance read the Morning Prayer, the Rev[d]. P. Trapier Keith, and Rev[d]. Alex[r] Glennie were also present. . . ."

The minutes of the Vestry meetings continue without anything of great interest, they purchased several hundred acres of Glebe. also erected a comfortable and commodious Winter parsonage. for the Rector of the Chapel, and also a very comfortable summer parsonage in the little pine-land settlement of Plantersville, and the Parish flourished but they seemed content with the wooden Chapel until the Easter Meeting of 1857, when we read, "The want of sufficient accommodation for the congregation was then discussed" and it was decided to erect a new edifice of brick, suitable for the present and future wants of the Parish." A list was opened and most liberal sums subscribed. The contract was given to Mr. Louis Barbot, Architect, and is a beautiful building, costing $12,650. . . . There were many delays; the Contractor Glenn died; the furnishings and finishings which

were ordered abroad, were lost running the Blockade, the war having been declared before the building was quite finished, and it remained an unfinished ruin almost until 1876, when by the generosity of John Earl Allston of Brooklyn, N. Y., the building was repaired and completed. As soon as this was accomplished the wooden Church built in 1836 was moved to the summer settlement of Plantersville where it is still used for service every Sunday by the faithful few, within reach, often literally a scriptural quorum.

The writer first became interested in the publication of these records when it became necessary to repair the brick church which had been damaged by storms and was not thought safe, so that service had not been held there for a great many years. Being appointed on the Committee for raising funds for its repair, it was suggested that the publication of the Church Record by subscription, would be a means of adding to the fund; this idea was eagerly adopted and a long list of people whose family records were in the old manuscript, which was kept in a box in the Bank, being in a very frail and tattered condition, put their names down for a volume at five dollars. Then came the terrible European War, and no money was forthcoming, and the publication had to be given up. It was then that the National Society of the Colonial Dames of America came forward and through its "Committee for the Preservation of Existing Records," with great generosity gave the whole amount needed for the publication of the old Register. To them our heart-felt thanks are offered.

I would also desire to return thanks to Mr S. A. Graham of Heineman, S. C. who gave me a type-written copy of the Register, which he had made for his own use; also my warm thanks to Mr D. E. Huger Smith, of Charleston, for his great assistance in verifying the copy with the original; also to Dr. Joseph S. Ames, of Johns Hopkins University, for his most valuable aid in making the index, as well as for his advice, and support in the matter when I was cast down and discouraged, seeing no prospect of getting the money to accomplish the work in which I had become so deeply interested.

The Vestry then took into Consideration the State of the Parish which requiring much time to discuss, they adjourn'd to Thursday sennight next

The Parish being without an officiating Minister thro" dismission of the Revd Michl Smith from this Cure, the Vestry requested Mr Chas Woodmason that He would read Prayers and a Sermon every Sunday, with which proposal he complied.

The State of the Parish was examin'd; and but one of the Church Wardens being present, the Public accounts could not be audited.

On a Motion made, That this Parish is now without an Incumbent, and no Minister resident near at hand, to perform Ecclesiastical Offices, it was moved,

1st That Letters be wrote to the Lord Bishop of London, requesting a Minister for this Parish

2dly That Letters shd be wrote to the Society for propagating the Gospel, to thank them for past favours, to excuse our long Silence, and to assign the Reasons that induced the late Vestry, to expel Mr Smith from this Cure.

3dly That an ansr be sent the Revd Mr Alexr Garden, to his kind Letter to the late Vestry of March 4th last, and of thanks for his judicious Remarks and advices.

To which Motions the Vestry agreed, & ordered the said Letters to be prepared, and to be read, considered off, and signed on next Sunday, the Heads of which Letters being drawn.

Prince Frederick Parish Sunday May 2d 1756

Divine Service ended, the Vestry Men & Church Wardens assembled to hear the Letters read, that they had order'd to be drawn, & laid before them, which they approved, and sign'd: The following is Copy of those wrote to the Rt Revd Thos Ld. Bpp. of London.

Black River So Carolina
May 1st 1756

My Lord,

We the Vestry-Men & Chh Wardens of the Parish of Prince Frederic in So Carolina, beg leave to address Your Lordship, as our Diocesan & spiritual Father in Christ, to acquaint Your Lordship, That this our Parish is now vacant, & destitute of a Minister, thro the Resignation and dismission of The Revd Mr Michel Smith from this Cure. A Gentleman who has not been long resident with Us, but who in that short Space has rendered himself quite infamous, & obnoxious to ev'ry Individual almost of this Country thro' his flagrant Manners, and bad Conduct: for in 3 Years (the Time he was here) he has done more Injury to the cause of Virtue, Religion, and the Church, than his Successors can repair in many; We therefore put our Selves under

Your Lordship's paternal Care & Protection, desiring and hoping, that Your Lordship would be pleas'd to appoint some worthy good Clergyman to be our Pastor, whom We should be glad to see and receive as soon as possible. We hope that Your Lordship will not take it amiss in Us to observe, That this Parish is the largest, and most populous in this Province; Yet tho' numerous in Inhabitants We of the Church are widely scatter'd, and but few in number; The Parishoners being for the most part of the Communion of the Church of Scotland, and Settlers from thence and the North of Ireland; who have two Meetings, and large Congregations: so that this Parish above all other in this Province, merits Your Lordship's Care and thought; and requires a diligent, grave, & pious Minister to take Care of the Interests of the Church, which are hourly suffering, & will wholly sink if not timely and properly supported; for Mr Smith's bad & irreligious Manners, has caus'd Numbers to join themselves to other Congregations or to turn their Backs on the Church, and Divine Service; chusing rather to stay away, than sit under the hearing of a profligate Teacher. Our Back Country is fill'd with Numbers who ne'er heard the Word of God preach'd, or saw a Minister among them. Indeed Mr Smith did make a Tour into these remote Parts of the Parish, But He had better stay'd at home, for the Consequence has been, that thro' his indiscreet Carriage. (We sh^{d} rather say immoral Conduct) among them, instead of bringing them over, and joining of them to the Communion of our Church, he has unhappily driven them to send for Anabaptist Teachers from Philadelphia, who dip many, and form them into Congregations; so that the regaining of them, and making them Members of the Established Chh will (we judge) be attended with great Pains, if not an impossibility.

A Gentleman of Gravity, Virtue, & Prudence, will not fail of reaping a plentiful Harvest here both in Spirituals and Temporals—We have a neat Parish Church, genteel Parsonage, Glebe, Cattle, and other Emoluments, for accomodation of what judicious Minister Your Lordship may send over; whose Salary will be One Hundred Pounds Sterling & upwards paid half yearly by the Public Treasurer, besides Perquisites, wc^{h} may am^{t} to as much, or more or less, according to his Conduct; A Minister's Income here, depending much on his Carriage and Manners.

We shall only add, That the adjoining Parishes around Us, are also destitute of Ministers, so that there is not a Clergyman from Santee River to Cape Fear, to perform any Ecclesiastical Office, or administer the Sacraments on any Emergency: so that We hope Your Lordship will take the Premises into Y^{r} religious Consideration, & grant our Request, who are with y^{e} utmost Duty and Respect

May it please Y^{r} Lordship

Black-River S^{o} Carolina
May 1st 1756

Rev^{d} Sir!

The Augmentation lately made by the present Assembly of this Province, to the Salaries of our Parochial Clergy by increasing their Stipends from 70£ to 100£ Stg & upwards, p^{r} Ann; and thereby freeing the Society from a Burden they have long born in maintaining Missionaries among Us, will, We doubt not meet with the Societys Approbation On this Occasion Sir, We take the Liberty to return the Society our humble thanks for their Care of our Spiritual Concerns so many Years past; And this both on behalf of our Selves, as well as all other Inhabitants of this Parish Members of the Church of England, who wth grateful Hearts will ever retain a Due Sense of the The Societys many singular & repeated favours shown Us. The last Missionary they sent Us over, was The Rev^{d} Michael Smith—for whom We built a genteel House, and did ev'rything within our small Power to render his situation agreeable, and Residence easy among Us. He was rec'd here with great Alacrity—shown uncommon Marks of Respect; and rec^{d} many singular Tokens of favour and Regard,

And as there are (nor have been for some Years) no resident Minister in two or three Parishes adjoining Us, He might have commanded a very plentiful income, nay, affluent Fortune, (beyond any Country Clergyman in this Province) had his Will been equal to his Power, and Virtue as shining as his Abilities, But unhappily for Him and for Us 'tis with great Concern We are obliged to say that this Gent^{ms} Manners have been so flagitious his Conduct so unhappy and imprudent, both in Spirituals and Temporals, as to subject Him to the Public Censure and Odium of this Whole Province, and thereby reducing Himself to the Necessity of resigning this Mission, and leaving this Province, and thereby forcing Us on the disagreeable Measure of dismissing of Him from this Cure, to which He never was, or could hope to be elected, from having shewn himself more fit to pull down and destroy, then to build up the Church of Christ.

Our long Silence may be interpreted remissness, or judg'd Ingratitude by the Society; but it has been owing to this Cause viz^{t}. We were willing to pass over M^{r} Smith's Irregularities, and even (for a long while) winked at His Errors, and cover'd his failings, in hope, that Time, Experience, and Admonition might reclaim Him, and all His Miscarriages be obliterated and forgot—being inclined from Charity and regard to his function to impute his faults, rather to Levity, Indiscretion, and Human Infirmity, than to a bad, or a corrupt Heart: We delayed therefore laying Our Spiritual Concerns before the Society, till We saw the Effect of our friendly Counsels and forbearance, and what We could consistent wth Justice, Truth, & Our Duty, pronounce of this Gent^{m} —Sorry are We to say, that so far from reforming of His Conduct, and suiting it to the Dignity of His Profession, and the Maxims of Right Reason (We might add, of Common Sense) That He seemed to run counter to both, trampling on all Rules, and despising all Advice; He has oft left his flock without Notice, Necessity, or Our Consent; so that our Church has been frequently shut up, even for 3 Months together, without his taking of the least thought or Care, ab^{t} getting of it supply'd in his Absence, And in one of His late Rambles into the North Province, He bro^{t} home with Him a Woman, whom he lives with and calls his Wife; tho' in our strictest Ex-

amination of Him on this head, he could produce no Witness or Vouchers of y^e^ Celebration of his Marriage with Her; so that We have cause to apprehend that if he is contracted, it must be agreeable to some assertions He has made in Public Company, viz^t^ "That it was in his Power as a Priest, to marry himself to any Woman whatever, without the Intervention of a Third Person." Nor has He as yet realiz'd his Marriage, or given the Public any satisfaction in Relation to it, further, than by publishing the Bans of Marriage between Him, and this Woman one Sunday in the Church But as We are inform'd That Mr Smith has said, "That the Society shew so little Regard to what may be urged by the Laity ag^st^ any of their Missionaries, as to credit the Assertion of any single one of them, prior to the joint Testimony of any Body of People in America, We beg leave Sir further to declare, That we are Mr Smith's Friends, and Well-Wishers; and what We here say, arises not from Party Prejudice, or ill Will, but from a strict Regard to Truth, the Dictates of our Consciences, the Obligations of our Oaths and Office, and what is incumbent on Us as Men & Christians, and in Honour bound to the Society to declare, lest we suffer in our own Characters,— The Society in their annual Memorial, desire that they may be inform'd of whatever is remiss and scandalous in their Missionaries; And therefore We will make no Apology for these Declarations, or for what We apprehend to be just and right, further, than by for enclosing a few Papers to corroborate our Assertions, and to shew that the bad Character M^r^ Smith Sustains is founded on facts, and not wholly built on the Base of Common Fame,

The Vestry wrote also to the Rev^{d} Mr Alex^{r} Garden to this Effect

Rev^{d} Sir

The late Vestry recd Your kind & obliging Letter of March 4th, and after reading the Contents, could no longer hesitate to execute what had been so long wished for by all Good Men, viz^{t} the dismission of Mr Smith from this Cure; but the latter part of Y^{r} judicious Letter being of a tender & serious Concern, required longer Deliberation, to which (& the busy Season) it has been owing, that the other Matters You pressed devolved on Us to execute; and we have accordingly wrote the Society, and his Lordship of London, the Reasons of our silencing of Mr Smith, which We hope they'l approve, one Copy of each We have left open for Your Perusal, hoping that You will be so kind as to second our Petitions with Your Interest, for procuration of another Minister, as soon as possible: We return our joint thanks both for Your late as well as former favours shewn this Parish, which we shall ever retain a just sense off; and with our best Wishes for Your health and long Life, remain with all Esteem and Respect

The Vestry having rec^{d} a Letter from the Rev^{d} Mr Smith, signifying, That Mr Mac Carty, the Carpenter who built the Parsonage House, had arrested, and made him pay for the Sashes of the said House:
Resolved. That the Vestry meet as next Tuesday, to take under consideration the Contents of ye sd Letter.
Ordered That Mr Anth^{o} White wait on Mr McCarty, to enquire into the Validity of these Allegations,

Ordered That the Church Wardens wait on Mr Smith, to examine further into this strange affair.

Mr Anth° White reported, that He had seen and spoken with Mr McCarty, who declared that Mr Smith had never paid Him for any Sashes, nor had he e'er received a farthing from Him on such acct The Chh Wardens reported That they had waited on Mr Smith, and on sifting of Him, abt Matters, had great Ground to conclude that there was some Collusion, or deception, for some iniquitous Scheme concerted between Mr Smith and Mr McCarty,

A Letter from the Revd Mr Smith was presented to the Vestry, relating in loose & general Terms, ye heads of accompts, between Him and Mr McCarty, wch giving no satisfaction, the Vestry waited on Mr Smith in a Body to enquire further Particulars,

After a strict Scrutiny, they found the Chh Wardens surmises to be well founded, and that those accompts & rects of Mr McCarty wch Mr Smith produced, and asserted he had paid, were false, and fallacious; formed only to counterbalance other like fictitious accts brot by Mr Smith agst McCarty in consequence of a Quarrel between them. Mr Smith havg also brot a Bill of 19£ for Work done to the Stable &c. The same was deny'd Paymt He havg had 30£ given Him by ye former Vestry (arising from Sale of the Materials of yr Old Parsonage House) to discharge the said Bill.

The Vestry being informed That Mr Smith intended to send Mr Mac Cartys Bill & Rec^{t} home to the Society and thereby to impose on their kindness, directed Mr Charles Woodmason to add a Postscript to their former Letters, to this Effect, which was done accordingly,

Black River Ch^{h} May 4th 1756

Rev^{d} Sir! Postscript.

The Vestry having recd Letters from y^{e} Rev^{d} Mr Smith affirming, "That he had been arrested by y^{e} Carpenter who Built "y^{e} Parsonage House, for the Sashes of the said House, and de- "siring reimbursement" they could not but be surpris'd at the Contents, as the s^{d} Carpenter had been paid One Thousand Pounds of this Curc^{y} for building of y^{e} said House, Sashes, Closets, Beaufets, and all Conveniences included, They therefore sent to the said Carpenter, whose answer was, "That he had never "rec^{d} a penny from Mr Smith on any such acc^{t}".....They therefore waited in a Body on Mr Smith to examine into y^{e} grounds of his Allegations; That he shewed a Bill and Rec^{t} of this Maccarty's, the Carpenter, for these Sashes; But on Scrutinizing into y^{e} Validity of such Bill and Rec^{t}, They found it a contrived Affair of this M^{c}Cartys to counterbalance a like fictitious acc^{t} bro^{t} by the s^{d} Mr Smith agst y^{e} s^{d} MacCarty, neither of w^{ch} acc^{ts} had any foundation (as we could find) but only in Anger & Resentment; and to occasion quarrels and Contention. After expostulating with Mr Smith on his daring to endeavour to saddle y^{e} Parish wth such an open & barefaced fraudulent Acc^{t}, his reply was, "That He made himself very easy ab^{t} the Matter, for if "We did not allow it Him, y^{e} Society would, and that He should "send it home to them." To prevent therefore Sir, the Goodnature & Kindness of the Society's being imposed on in this Manner, (sh^{d} Mr Smith attempt) We here declare, that he never paid such Money, That y^{e} s^{d} M^{c}Carty had been before paid for these Sashes, and why this M^{c}Carty arrested Him We find on inquiring to be owing to this "that Mr Smith being impatient "to get into the New House, broke it open, before finished, and also "broke open a Room in w^{ch} this M^{c}Carty had locked up these "Sashes." That after this act of Indiscretion, Mr Smith em- "ployed another Workman to put up these Sashes, and finish

"the House, unknown to this M^{c}Carty, & the Vestry. "That this "M^{c}Carty, & Mr Smith falling out on this Head, they reciprocally "arrested each other by Way of Insult, Mr Smith bringing a fal- "lacious acc^{t} of Diet, lodging &c., agst M^{c}Carty, and y^{e} other "opposing this trumped up acc^{t} by another acc^{t} of like nature, "in w^{ch} a Charge was made of these Sashes." But had Mr Smith *really* paid the Man for these Sashes, We should immediately have made Him repaid Mr Smith with Costs, and this We told Him. But Mr Smith not offering to make this appear (indeed it could not be) We judged it necessary to give the Society this information, to be on their guard agst any indirect Steps Mr Smith may take to impose on them.

After which they directed the Church Wardens to write to Mr MacCarty, in these or like words,

Sir

The Vestry having this Day recd Lett^{r} from Mr Smith, with an acc^{t} of Yours agst Him for the Sashes of the Parsonage House, they waited in a Body on Mr Smith to enquire into y^{e} Grounds of such an extraordinary Charge: and on Examination find it to be only the Issue of a Quarrel between You, and that You had trumpted up a Charge of this Nature agst Him to oppose a like fallacious acc^{t} bro^{t} by him agst You, in order to pay Him in his own Coin. However y^{e} Vestry could not but be amazed That You could take so extraordinary a Step as this; and while they were at the Parsonage House, took Notice, that there still remains sev^{l} Matters unfinished, w^{ch} by your Contract You are bound to do; And therefore They have enjoined Us to address You hereon, to desire You to repair to the Parsonage, and finish off whats remaining to do there, within one Month from this date, otherwise they will be forced to fall on Measures to oblige You, as will not be agreeable. The Chh W^{dns} then acquainted the Vestry, That 32 Acadians were on their Passage for this Parish, here to be lodg'd, maintain'd, & accomodated, till otherwise provided for,
The Vestry came to a Conclusion, That the Chh Wardens lodge the said Acadians in the Parsonage House: But wav'd entering on the principal Subject Matter, viz^{t} providing Victuals & Necessarys for their Reception.
The Church Wardens insisted warmly to have this Point fully settled & determin'd—But the Vestry treated the Affair so slightly as to tell the Chh Wardens, *They might do the best they pleas'd in the Matter*, and refus'd taking the least Charge or Care of the said Acadians; and proceeded in taking a View of the present ruinous State of the Parish Church; and then broke up, after naming Monday Three Weeks to meet again, to consult further about repairing of the Church.

At a Vestry held in the Parish Chh of Black River, on.....

The Rev^{d} Mr W^{m} Peasely appear'd, and offered to serve this Cure till arrival of a Minister from England,

But the said Gentlemen's Character being tainted; and Vestry of St Helena hav^{g} dismiss'd Him from that Parish for Irregularities, a Debate arose concerning the Admission of the said Gentleman, who produc'd the following Letter, of Recommendation from Capt Richardson one of the Representatives of this Parish in the General Assembly, [letter does not appear in Minutes] And then Mr Peasely laid before the Vestry.....by the Rev^{d} Richard Clarke, of Charlestown, to a gentleman of the Vestry of St Helena, in answer to one which Mr Clarke had rec^{d} from Him, subsequent to a Lett^{r} of Mr Clarke's to know the Imputations alledged agst Mr Peasely, and their Reasons for dismissing of Him, for Satisfaction of the Provincial Clergy of which the following is a Copy. [this letter also does not appear] And Col John White being going for Charlestown, was desir'd to wait on M^{r} Clarke, and to obtain from Him a Copy of the Letter he had rec^{d} from the Vestry of Port Royal, in ans^{r} to that wrote them by Him, in Name of the Clergy, But Col White did not produce any such Copy, only a short Note from Mr Clarke address'd to Himself wherein He says, That he apprehends that the Parish may admit Mr Peasely, on Probation provided he abides by his repeated Promises and Assurances of being a better Person for the future, or to this Purpose.

The Vestry not being conven'd hereon (Easter being near) M^r^ Peasely Officiated at the Church by desire of two or three of the Vestry Men, against the Consent and Opinion of the Church Wardens, and some Members of the Vestry.

March 1. The Church Wardens apprentic'd out Shadrack MacCormack a Poor Boy abt 7 Years of Age, to John Simpson Cooper, on Jeffrey's Creek, till the s^d^ Boy came of Age.

On Easter Monday April 11^th^, 1757, the Vestry met, and proceeded to Election of Church Officers for the present Year.
The Church Wardens proceeded by Ballot, to take y^e^ Suffrages of the Parishioners:
Four Persons that gave in Votes, viz^t^ John Walker, Eben Duncan, Ja^s^ Hepburn, and Alex^r^ Davidson, being objected too, as not conforming to the Chh of England, & qualified according to Law:
It was put to the Vote of the Assembly then present, if the said Persons are legally qualify'd to Vote,

And the Public Laws being produc'd and read:
A Debate arose among the Parishioners, thereon.
And the said Persons, tendering their Votes, & insisting on their Qualifications, as Freeholders, and hav^g^ serv'd Parochial Offices, the Church Wardens (to silence the Clamour) accepted of their Votes.
But a Scrutiny being demanded, and an appeal to Higher Powers threatened, the Church Wardens would not reckon in the Votes of the Persons Objected too, but marked them off.

And on casting up the legal Votes, they stood thus.

The present State of the Parish Chh was taken under Consideration and on a Survey of Repairs lately made and necessary to be executed It was Resolv'd

That the Work lately done to the repairs of the Church being very imperfect, and insufficient; An Absolute Necessity arises, that the said Work be examined by some skilful Workmen, and be more substantially ececuted.

That a Committe be appointed to Contract wth proper Workmen, for the finishing of the Church, and putting of it into good Repair, as far as the Parochial Money will go. And the Persons so Constituted, were,

Mr Ja^{s} Mcpherson and
Mr James Lane

Ordered, That They Shingle, Sash, Weather board, & put the Church into y^{e} best Repair possible, as far as the Parochial Money now in Hands of the Ch^{h} wdn^{s}/will admit; and to the best of their judgment. Which Money amounts to 100

And M^{r} Rob^{t} Weaver having been apply'd too by the late Church Wardens, to Survey the Work done to the Church by order of the Committe appointed in Vestry y^{e} 23^{d} Augst last

The following Ans^{r} was rec^{d} from Him—

To the Vestry and Church Wardens of Prince Frederic Parish,

At the desire of James Crockat one of the Church Wardens, I have carefully examin'd the Repairs of Your Parish Church, and find them so insufficient, both with regard to the Workmanship, and part of the Timber, that I think it will be a manifest Imposition on the Public if either the Workman is paid or the Church, cover'd up in its present Situation for I am clearly of Opinion should the Church be cover'd as it is now, it is in danger of suffering by Hurricanes, or any violent Gusts of Winds from

The Want of a Worthy Minister for this Parish being very great, and no Ans^{rs} being rec^{d} either from the Bishop of London, or the Society, to the Letters wrote them, for a Successor to the Rev^{d} Mr Smith

And it being reported, that the Rev^{d} M^{r} Andrews had declin'd the Lectureship of St Philip's, and intended to embark for England by some safe Opportunity:

And it being further hinted to some of the Vestry, that M^{r} Andrews's departure would not immediately take place:

It was Resolved to address M^{r} Andrews to supply this vacant Parish during his Stay in Carolina, or to accept of the Cure of the Parish in Case his Inclinations should induce Him wholly to settle in the Province.

And the Register being order'd to draw up a Letter, He immediately withdrew, and presented the following, which being read, was approved off, and signed by the Gentlemen then present.

Black River Church 18 May 1757

Rev^{d} Sir.

The Occasion of this address, arises from a Rumour which reach'd Us, Viz^{t} That You are about resigning of the Lectureship of St Philip's and retiring from Charlestown, till some safe and favourable Opportunity presents to carry Your family to England. We should be pleased to find this Report verify'd shou'd its Issue terminate in *Winyaws* being made Your Residence.

The amiableness of Your Character As a Minister and Christian strict Morals and Integrity of Manners in private Life as a Gentleman would alone excite in Us (and all here who Love Religion and Learning) such pleasing and agreeable Desires: But when We reflect on our late and present unhappy fate as to Spirituals, and the reduced State of the Church in this Quarter, these Wishes are *higher* rais'd, and prompt Us to *perfect* their Attainment.

Permit Us then Sir to realize our Sentiments of You, by giving You this Call and Invitation, That should You quit Charlestown, and Y^{r} Affairs incline You to a Country Retreat, That You'd be pleas'd to favour Us with Your Company and to accept of this vacant Parish of Prince Frederic where We are ready to receive and establish You as our minister, whenever You please.

For We have not a Clergyman within fifty miles to perform any Ecclesiastical Offices in any Emergency, and how long We may rest thus unprovided, is uncertain (We having not yet had any answer from home to our Letters wrote 15 Months ago for a Minister) but would rather chuse to remain thus destitute and unhappy, than accept of obnoxious Persons, who disgrace the sacred Character and bring Religion and the Church into Contempt. Wherefore after looking up to Heaven for Divine Aid, We turn our Eyes Sir on You, to heal the Wounds, the Stabs that Vertue and Goodness has sustained here within few Years. We want a Person of exemplary Life, prudent Conduct, and uncorrupt Morals, to apply the Balms of *Example* and *Precept* to pierc'd and broken Souls: to be an Ornament to Religion, Support to our bleeding weaken'd Church and a Blessing to Civil Society: In this Light Sir We regard You from the Enconiums and Eccho's of the Public, and the testimonies of private friends.

And should You Approve of this Invitation and oblige Us with Your Presence, and Ministry, We shall be careful to confirm the reality of these Conceptions, by striving to support You genteely, and to make Your Residence among us, as easy and agreeable as Possible.

Our late incumbent acknowledg'd his Income to be near 1500£ pr Ann but We cannot Warrant his Assertions, nor enter into any *Particular* Engagements As this Parish is very extended, so also may be the Rectors Emoluments They partly depending on remote Persons and Accidents: For the Parish Church and Parsonage (which are both neat and pretty) being situated on the lower Verge of this Parish, will occasion require more Time and Travel for Minister and People to be thoroughly acquainted, than if built more Central.

These our tenders of Respect, are accompanied with our best Wishes for Your Health, and that You may long live among us to adorn Religion, and build up Living Temples to the Glory of H I M, whose peculiar Servant You are, and whose Service is Your Honour and Delight We are with due Esteem

To which the following Answer was rec^{d},

Charlestown June 14 1757

Gentlemen.

Your Letter dated the 18 May, I rec^{d} this day, and am greatly obliged to You for Your kind Way of thinking concerning Me. The partiality of my friends hath given me a Character much beyond my deserts,

There might be some Reason for the Report you Mention but that Reason is now superseded, since the Ships so long expected

are arrived; on board one of which I have taken my Passage, and shall certainly sail for England in about three Weeks time. If when I am there, I can be of any Service to You either by representing Your Case to the Society at home, or in any other Method that You may think off, You may lay Your Commands upon Me, and they shall be faithfully executed by

Gentlemen

To the Church Wardens and Vestry of the Parish of Prince Frederic

Your most obliged humble Servant
John Andrews

And the underwritten (enclosing a Duplicate of ye former Vestrys Letter to the Bishop) was sent to Mr Andrews by the Register.

Black River 28 June 1757

Revd Sir

The Distance at wch sevl Members of our Vestry reside from the Church and each other, rendering it impossible for them to convene in Time to answer Your obliging favr of the 14th inst, I take upon Me in Name of the Body to write You.

"That they take extremely Kind Your offers of Assistance to procure them a Minister; which Xtian Task they entreat you to engage in immediately on Your Arrival in Englaⁿᵈ: Whatever Gentleman may come over with only 3 Lines from You, will be accepted here, as next to Choice of Yr Self, they would approve of Your Choice"

"That they need not trouble You with a Portrait of a Minister that would suit here, as Your better Judgment and Experience will paint the requisite Qualities, and their Sentiments may be gather'd from their late Letter to You.

But if that You shd rather chuse to persue the Old Tracts (which as to this Parish have been very crooked) they enclose a Letter to his Lordship of London, which they beg Your Care off, (and shd it suit, and be not too much Trouble) to deliver with yr own hands.

"And that You would be pleased to quicken his Lordships Motions in our favour, by remonstrating,

"That our Parish Church, Parsonage & Glebe is daily falling to Ruin by being unoccupied.

"That there are now 4 Meeting Houses in this Parish, and two more talked of being built, (w^ch^ Increase would not have been thro' Weakness, Supineness, & Immorality of our Incumbents) Whereas, had we Godly Ministers, Chapels of Ease would probably be raised in their places, and less Room for the Sectaries to spread themselves.

"That the People of the Lower Part of our Parish, are a sober, sensible & literate People, those of the upper Part, far otherwise; whose Numbers daily increase by Refugees from y^e^ other Provinces

"That if a Minister be not settled here soon, the defection from the Church will be so great, as hardly to leave enough Church Members to form a Congregation.

"That Itinerant Teachers from the N° ard, are Yearly making of Converts that illiterate Persons set up for Pastors That the Presbyterian Missionaries from the Northern Colleges, use unwearied pains & Diligence to extend their Influence & Interest, to the hazard of this whole Parish being soon entirely in their Hands.

"That this Prospect grieves every true Son & Well-wisher to the Church of England, while our Establish'd Clergy calmly look on, But that our Assembly, Alarm'd at our Situation, has lately divided this extensive Parish, taking a New one out of it, to be called by the Name of St Mark alloting also 100£ stg, pr ann for an Itinerant Minister to officiate at the Waterces, & y^e^ Catawba Settlem^t^ So that we want 3 Ministers Sir at present, in this one Parish only.

I conclude in their Names, to wish You a quick safe and pleasant Passage that You may find & enjoy the establish'd Health You seek after, and be blessed with all temporal and Eternal Happiness. I am for the Vestry and Church Wardens of the Parish of Prince Frederic

For the Spring of 1757 Wee Laid before y^{r} Lord Ship the State of Religion & of the Church of England inn this Quarter, Together With our Want of a Minister. He therefore declin'd this Parish, And Accepted that of Prince William, Vacant by the Death of Mr Lewis, We Must own My Lord, that the temporal State of this Parish is now on a deffor'nt foot. And Greatly Reduced within these Three Years, and on these acc^{ts} 1st Our Assembly Wisely Considring the Great Extent of the Parish and the heavy w^{gt} on the Shoulders of the Incumbent; have Erected the Upper Part into a Seperate Parish, Now known by the Name of S^{t} Mark, who as yet are Unprovided with a Minist^{r}.

The Coppy of a Letter wrote to the Right Revd the Lord Bishop of London for a Minister to Supply the Parish in the Room of the Revd James Dormer which is as follows,

P Frederick South Carolina Feby 25th 1762

May it please Your Lordship

We the Wardens and Vestry of the Parish Prince Frederick, in His Majestie's Province of So Carolina, beg leave to Address Yr Lordship, upon an Occasion, the Natural importance of which, we Cordially hope, will be deemed our sufficient Appollogy.

We have (it is true My Lord) Addressed Your very worthy

Predecessor twice on the like Occasion, and can Boast the Singular Satisfaction to have found that our requests have not been unnoticed, from the Demission of two Gentlemen to this Parish, Viz, The Revd Mr Cooper, and the Revd Mr Dormer, (Our Present Resident Minister) We are extremely sorry to be thus importunate, but as the Revd Mr Dormer has publickly Signified his intention of returning Home in June, July, or August next the farthest, our Church and Parish must of Course remain unsupplied for a time, (those advantages only excepted which we may Occasionally reap from the Charitable dispositions of Neighbouring Clergy) who reside generally speaking at too wide a distance to Assist us often and as we are by no meanes Lukewarm Advocates for Xtianity and her perpetuity we therefore entertain the most sanguine hope that yr Lordship will excuse us, when we address you thus Ardently Besides (My Lord) the remotest distance that we of this Province live at from yr Protection and Care the Numbers of Different Sectaries that abound here; the Immediate ill Consequences resulting therefrom to the advantages of us, add to all which, The general prevalency of Presbyterianism in particular, These Circumstances Strongly call for our Assiduity our Importunity and our most serious thoughts.

But we further beg leave to subjoin, viz, that least your Ld Ship Should Suspect, much less surmise, that any Difference whatever can subsist between the Revd Mr Dormer & Ourselves, previously to his intended Departure, we can assure yr Lordship of the Contrary and as a proof have desired Mr Dormer to write in connexion with us, to which he has Readily assented, and enclose his Letter, with ours, unsealed. We have now My Lord, only to recapitulate in sanguine Terms (what has been already generally implied), that you will take our distressed situation under Cognizance, and as speedily as possible advert to our Sollicitations, by the Remission of a Minister to the future Cure of this Parish and that for our Sakes; for Mans Sake but Principally and Chiefly for his sake—who we are far from being Ignorant or insensibly of it, both lived & Dy'd for the Sake of Man. We beg leave to Subscribe ourselves,

May it please your Lordship,

Your very devoted Sons & Servts in Xt

Signed by the Wardens & Vestry

P. S. Your Lordship will be pleased to Notice Viz^{t} that the Province of S^{o} Carolina is (generally speaking) a Good Plentiful Province, the Standing Sallary of Prince Frederick is £107, Sterling Pr Ann, Certain and paid out of the Publick Treasury by 2 half yearly payments, The Ministers perquisites by no means inconsiderable. There is also a Glebe, a Parsonage capable of Repair, and situated continguously to the Parish Church.
